

NORTHERN INTERNATIONAL SCHOOL

As you are aware, the school in any city is a place of vital importance. It is a place of vibrant activity. Thousands of small children assemble for many hours of the day for active interaction. It is important that the schools should own the moral responsibility for safe housing of the students during the period of their stay in the school. It is said that accidents do not happen, but they are caused. Advanced planning, effective implementation strategies, development of right attitude for safety, coordination and cooperation with agencies working in this area are important for ensuring the safety in schools.

Taking a step in this regard Redressal Committee is being constituted to deal with violence and abuse on school campus. Regarding the safety, Counseling and Grievances of girl students a sub-committee (Women Grievance Committee) has been formed.

This is for the information of all and a positive intervention is expected in this regard for further actions.
